

Career  
Live  
Stream

Room 156  
Main Building  
Lugano Campus

# AI, Cyber Security, Informatics

Università  
della  
Svizzera  
italiana

Career  
Service

Join from your laptop  
(or from the compu-  
ters in Room 156)  
the new virtual series  
of company events.

During 30 minutes,  
employees of exciting  
companies will tell you  
about their work and  
answer all your written  
questions.

During and after the  
career live stream, you  
can join the company's  
talent pool to be con-  
tacted by a company  
representative for open  
positions.

## Spring 2020 - Week 2

**Mon.  
09 March  
H 12.15**

AWK  
**Cyber Security applied in practice**  
Are you passionate about Cyber-Security and Consulting and curious to see what real-life projects you could work on? Join the Career Live Stream with IT Security Consultants Johannes (MSc Computer Science) and Isabell at AWK to get to know the team, the exciting industry projects they work on and how you can join them.

**Thur  
12 March  
H 17.15**

EY  
**How we detect and prevent fraud using advanced technologies (#AI #DataReduction)**  
Are you looking for an exciting opportunity in the detection and prevention of large scale frauds? Join the career live stream with Dr. Madan Sathe (PhD Computer Science) and Adrian Ott from EY's Forensic & eDiscovery team and find out how the team applies AI and Data Reduction workflows to solve their clients' most difficult challenges.
