

On Thursdays  
March–May 2024  
12.35–13.25  
East Campus USI-SUPSI

# Brown bag series

## Generative AI in higher education

**To all USI and SUPSI collaborators - lecturers, researchers, PhD students and administrative staff.**

Join us to explore GenAI applications in the university context, share experiences, and network. The meetings are organised by USI's eLab and SUPSI's SEDIFO as part of the project "Universities as learning communities", funded by swissuniversities.

**The meetings will take place between March and May at East Campus, on Thursdays from 12.35 to 13.25 and the lunch is offered.**

Visit our website for more  
information on the programme  
and to register.
