Lecture Series

Unlocking the “Contact Zone”: Toward a New Historiography of Architecture

• Dr. Cathelijne Nuijsink is a Senior Lecturer at the Institute for the History and Theory of Architecture (gta) at ETH Zurich. She launched her current research project, “Unlocking the Contact Zone: Toward a New Historiography of Architecture” as a Postgraduate Associate in The History, Theory and Criticism of Architecture and Art (HTC) program at Massachusetts Institute of Technology (2022–2024).
