Italian is the official language for this region.

Language of instruction

Courses at the Academy of Architecture are taught in Italian and English. For non-native Italian speakers it is not required to have an Italian language certificate.

Course lists and descriptions

The course catalogue 2022-23 will be updated around July 2022. The learning agreement should be prepared on the current version of the catalogue bearing in mind that changes may occur in 2022-23.

SEMP scholarship

Switzerland will not participate as a program country in Erasmus+ for the academic year 2022/2023. In order to ensure reciprocity, Switzerland will pay the scholarships for students doing an exchange at a Swiss university. Grants are awarded to individual students if all the necessary conditions are met. Students will be informed about the procedure for obtaining the grant upon arrival in Mendrisio. The precise monthly amount of the grant will be announced in due time, but it is likely to be similar to the one paid in the framework of the Erasmus+ programme. The grant is paid regardless of the number of ECTS earned.

Please be aware that exchange students who intend to reside in their home university country during their exchange semester at USI are not eligible for the SEMP mobility programme.

The Heyning-Roelli Foundation provides scholarships to talented but financially underprivileged students for travel and subsistence expenses. Foreign students living in Switzerland may be exempted from this obligation if they can prove they are covered by an equivalent insurance in their home country. To ask for exemption, the student must make an official request using the appropriate form.
